Rep Kasich

Dear Director Webster:

In an effort to promote better understanding between my constituents and the federal government, I will be hosting my third annual Washington Conference on September 26. Attending this conference will be some 125 opinion leaders from central Ohio, all of whom are interested in hearing from our country's top officials and experts.

I feel conferences such as the one I am hosting provide an excellent opportunity for two-way communication between national leaders from both the public and private sectors. Previous speakers have included former Defense Secretary Caspar Weinberger, Office of Management and Budget Director James Miller, Congressman Jack Kemp and Senator Robert Dole.

I would be greatly honored if you could address my group any time during the day on September 26. Activities will take place in the Cannon Caucus Room in the Cannon House Office Building. I plan on beginning the program around 8:30 a.m. and concluding about 5 p.m.

I certainly hope you can find time to participate. Please feel free to contact me or my Administrative Assistant, Don Thibaut, at 225-5355 if you should have any questions.

Sincerely,

John R. Kasich
Representative to Congress
